

## Report

**Event/Workshop/FDP/Program/Activity Name:** HIT AICTE IDEA Lab Visit for Collaboration

**Date:** 20/08/2023

**Convener or Coordinator Name:** Dr. Biswarup Neogi and Dr. Partha Sarkar

### About the Program:

The visit to HIT (Haldia Institute of Technology) proved to be a pivotal step in initiating a collaboration between HIT and JISCE AICTE Idea Lab. During the visit, representatives from JISCE AICTE Idea Lab were given the opportunity to explore HIT's facilities and cutting-edge technology. The primary objective was to discuss the possibility of utilizing JISCE AICTE Idea Lab's resources, including Laser cutting machines, CNC wood router, 3D Printer, and other advanced equipment, to create prototypes for industries associated with HIT. This collaboration holds immense potential for both institutions, as it enables HIT to benefit from the lab's expertise and resources, while JISCE AICTE Idea Lab gains real-world projects and practical experience. The partnership promises to foster innovation and advance the growth of both parties involved.
